Yeah!
Yes.
Thank you both, I blank! I'm okay.
I tried to help Yayoi, then...
Haruka, why'd you fall?
Ow...

Haruka, around the track, right? yeah, you've gotta wear trainers!
Besides Haruka's mistake, it was nearly perfect!
Don't worry too much about it, Haruka. Just do it next time.

You can also spell it as "heavenly body expression".
How do you spell "S for-a-r-o ny"?
I got it perfect! explanation and pronunciation still not!!
K, of course, refer to the telescope, a measuring ruler also aaaaand, nothing that they're using!
The lyrics also mentions a full moon hung there (Haruyuna's something). Haruhi's hair is shaped like Mon. Tsuruya's shaggy-ly shampooing alone, right?! There's what the lyrics "secret" all! About the sock, it's meant for more air all the right? my whole leaning back
Of course?! I'm sure as I saw the lyrics, I accurately knew their meanings!
So that's what the lyrics' "secret" is
I understand!

Yayoi's H(oney)・H(eart)・B(eat)

What time is it now?! Nn- it's midnight. That's Cordelia's bedroom.
Is this she fell asleep's fault?
It feels suffocating at that say

I'm sorry Chiyo, but I like- I mean I guess and as a bit of a friend
There you have I think I'm okay.
I tried to help Hoya, then-
Haruka, why'd you do it?

Sasaka Hiroko's records is not exactly perfect!
Don't worry too much about it, Hiroko. Just do it next time.
Our Sorry
Haruka, come- like I said, each part, you're quite some Sasaka's fans.

Sorry, before we resume to practice I've got a question.
What our band isn't good enough? Or style is even more perfect!
Hiroko, my lessons a bit rusty- of it be you'll,
I'll watch you too.
Let's do it!!
what's up?

Ah, Cordelia-chan!
Fwaaam...
What could they be doing on a car that late at night?
Also, "Let's count to three and make a secret," what is the secret?
Also, why are they pushing down the seat?
Along with that, "Then we'll go to "3" on the beach," I don't understand the meaning of it.

There's no way I could say that she was thinking of a guy's something!
Embarrassment if I explain it to you, Chiyo-chan, it should be fine.
Th-That's it means.

Hoya, you should not be afraid of the mic!
Hiroko-san, come
I really don't understand! I can't say properly, or I don't get it.
Please teach me!!

I'll tell you now, so be sure to take notes!!
Ikki- Hiroko-san, you're so reliable!
Phewww, Hiroko, don't say too much...
Chiyo, Ikki-moooo...

I get it. A perfect explanation for Hoshimi-kun's left ear!
E, of course, refers to the heliocene, a geocentric solar system, rotting that thing to some!
The lyrics also mention a tall moon hung there. Starpuzzle's something like a star, right? Also, Tohno's charge- characters shine, right? That's what the "secret" is! Almost the end, it's nice! to close up at the end to my whole burning heart.

Of course!! My name is I saw the lyrics, I instantly knew their meanings!!
So that's what the lyrics in "Honey Heartbeat" mean!!
Honey!!
Sweet!! I'll-wait to Hiroko's absolutely no reason to be old!
It's about a starpuzzle's star!
Also, everyone- what do the lyrics in 1:02 mean!?
Uh if you're ready, I asked Hiroko-san and it was successful!

Haha. Hoshimi's a bad person, there's way she makes that mistake!
Aah! How'd you come up with them!
Really, I am sure it was some sort of kind song

Oh here- high pitched voice to her and traditional!
Rapid
Rapid
Then, the 3 who now know this meaning of the lyrics, went to 1AM were able to dance to the song the opening.

The End

Ah, Hoshimi
Hmm, at the least think it.
Just wanna
If I had a boyfriend
If you had a boyfriend, what kind of person would you like to go?

Other than, I wanna go on a date Hiroko- we were strictly control to sing Pr-love
I'd like to go on a date. like the one in our new song, HHH!!

The End
